Addressing Recruiting and Eligibility...at its Core.

The NCAA's dramatic changes to DI initial-eligibility academic standards are now in effect for current high school freshman (class of 2016). The changes include a higher minimum GPA, higher SAT/ACT test scores and new credit requirements for juniors. Any student-athlete beginning high school in the fall of 2012 or after, who is even remotely considering the possibility of playing a sport collegiately, needs to fully understand these changes. The wiggle room to correct academic shortcomings has been greatly reduced.

Here is a summary of the new D1 academic requirements for a Full Qualifier that take affect for the class of 2016 and beyond:

- The minimum core course GPA has increased from $\mathbf{2 . 0 0}$ to $\mathbf{2 . 3 0}$
- $\mathbf{1 0}$ of the $\mathbf{1 6}$ core course requirements must be satisfied prior to the start of the senior year
- $\mathbf{7}$ of those $\mathbf{1 0}$ core courses must be from the English, Math and Science subsections
- Grades earned in the $\mathbf{1 0}$ core courses are "locked in" for the purpose of calculating the final core course GPA
- Any retakes of the first 10 core courses must be completed prior to senior year

The NCAA has also introduced a new status for the class of 2016 - the "Academic Redshirt." An "Academic Redshirt" may receive a scholarship and practice with their team, but may not participate in game competition as a college freshman. Students with a GPA of 2.30 or above may achieve either "Academic Redshirt" or "Full Qualifier" status, depending on their SAT/ACT test scores. Students with a core course GPA between 2.00 and 2.29 cannot attain "Full Qualifier" status but may achieve "Academic Redshirt" status by meeting minimum sliding scale test score requirements.

The new sliding SAT/ACT scale results in significant changes in minimum test score requirements. The minimum SAT score required to compete as a college freshman increased by $\mathbf{1 8 0}$ points while the minimum ACT score increased by an average of 14 points (sum score).

Here are two examples of the changes to the new sliding scale:

- Prior to 2016: $\mathbf{2 . 0 0 0}$ core course GPA + $\mathbf{1 0 1 0}$ SAT or $\mathbf{8 6}$ ACT = Full Qualifier
- 2016 and after: 2.475 core course GPA + $\mathbf{1 0 1 0}$ SAT or $\mathbf{8 6}$ ACT = Full Qualifier
- Prior to 2016: $\mathbf{2 . 5 0}$ core course GPA + $\mathbf{8 2 0}$ SAT or 68 ACT = Full Qualifier
- 2016 and after: $\mathbf{2 . 5 0}$ core course GPA + 1000 SAT or 85 ACT = Full Qualifier

Remember, the NCAA does not include the writing component of the SAT or ACT and the ACT score is a sum score (not average) of the English, math, reading and science sections.

Finally, just because a student-athlete meets the minimum NCAA academic standards, it doesn't mean they will be admitted to play sports at the college of their choice. Many universities have academic standards for incoming freshman athletes that are much higher than the NCAA minimum requirements.

So what does this all mean? Student-athletes must start tracking courses early. A student-athlete should calculate their initial core course GPA at the conclusion of their first semester in high school and continue to do so each semester thereafter.

Now more than ever, every semester counts.

NCAA Sliding Scale for Class of 2016

| Core GPA | SAT <br> Redshirt | SAT <br> Full Qualifier | $\begin{gathered} \text { ACT } \\ \text { Redshirt } \end{gathered}$ | ACT <br> Full Qualifier |
| :---: | :---: | :---: | :---: | :---: |
