Coach's Corner

I hope everyone had a wonderful spring break. Spring is here and it's time to get our health back in check. Have you been surviving on soups and comfort food this winter? Try swapping these out for lighter dishes that better reflect the new season, like salads or fish. The greenery that is starting to emerge around you may inspire you to add green foods into your diet more often. The farmers' markets will feel more inviting when the sun is shining, or if you have a green thumb, you can get back to your garden for your own fresh vegetables and herbs.
