Statement of Educational Integrity

Florida Administrative Code 6A-6.0573 Industry Certification Process

(17) Local test administration procedures and training for industry certification exam administration. School districts shall create and maintain local test administration procedures for the administration of all industry certification exams.

(a) These test administration procedures must include the following:

1. Verification that each responsible teacher or proctor has received training on test security. **Teachers and proctors must annually sign a statement of educational integrity which includes the detrimental and negative impact academic dishonesty brings upon a profession, as well as safety and security hazards which may result when candidates have not met the industry standard for acceptable training.**
2. Notification of disciplinary actions and consequences for engaging in or allowing testing irregularities and compromises.
3. Notification of disciplinary actions and consequences for failure to abide by all security protocol

The detrimental and negative impact academic dishonesty brings upon a profession include the students' industry certifications being invalidated and the students' industry certifications not being added to their transcripts,

Candidates that have not met the industry standard for acceptable training create both a safety and security hazards for employers.

Violation of any of these guidelines will render exam attainments invalid and may result in loss of CAPE Bonus FTE, Teacher CAPE Bonus, and/or potential district discipline and a report to the Teacher Professional Practice Board.

Districts are not permitted to report Digital Tool Certificate/Industry Certification outcomes if the test administration does not comply with the requirements or if the certifying agency invalidated test results and/or revoked a credential.

By signing this Statement of Educational Integrity;

1. I understand the detrimental and negative impact academic dishonesty brings upon a profession, as well as safety and security hazards which may result when candidates have not met the industry standard for acceptable training.
2. I have been given notification of disciplinary actions and consequences for engaging in or allowing testing irregularities and compromises.
3. I have been given notification of disciplinary actions and consequences for failure to abide by all security protocol.
