

Industry Certifications Return On Investment

This document is designed to make parents and students aware of the cost savings to parents for industry certifications earned by students prior to high school graduation. The cost savings are estimated based on tuition and fees associated with awarded postsecondary credits as a result of statewide articulation agreements. In addition, students have the opportunity to earn additional industry certifications that may not articulate to postsecondary credit; however, since the school district pays for the students' industry certification exam vouchers, additional savings are realized.

If you have any questions, call the ECPS Workforce Education Department at (850) 469-5357
