CHILD CARE PARENT SURVEY

MESSAGE TO PARENTS

The childcare programs for school-age youth provide adult supervision and age-appropriate activities in the hours before and after school. Programs that are sensitive to the needs of employed parents also provide care during times that school is not in session, such as school holidays and vacations. There are many programs in Escambia County that offer childcare for school-age children. Here's a list of resources available to you:

Workforce Education, School-Age Child Care Administrator
