Step 3: Add a New Warehouse Request

From the Inventory Requisitions Main Screen:

3.1 Click the **Add** button to add create an order for the Warehouse.

The **Inventory Requisition Master Information** screen opens.
Step 4: Inventory Master Information

The Inventory Requisition Master Information screen is used to enter the Delivery Instructions and location for the inventory requisition.

4.1 Select your Cost Center. The drop-down list contains a list of all Cost Centers that you have rights to create Requisitions for. It is important that you choose the right requisition group.

   SELECT THE REQUISITION GROUP WITH THE “GENERAL” SUFFIX

4.2 Provide Delivery Instructions

You can create individual requisitions for each order at your location or bulk add everything to one order and distribute locally after delivery. If you create individual requisitions the Warehouse staff will deliver each requisition as a separate bundle.

4.3 Select the building that you would like the items delivered to. All Cost Centers are displayed so take care to choose your location. All supplies will be delivered to the front desk.

4.4 Click the Save button

4.5 The Requisition Detail Line Items Screen opens
Step 5: Requisition Detail Lines

The Detail Lines lists all items in the Materials Warehouse available for purchase.

5.1 Select the item you would like to order from the Warehouse by clicking the select box or double clicking the row. Select each item then enter the requested quantity. If the requested quantity exceeds the quantity on hand the row will display a red asterisk next to it. This does not prevent you from ordering the item. Items can be found by description or code.

5.2 Enter the Order Qty in the Selected Items area and repeat until all items have been selected.

5.3 Click the Save Item Selection Info Button
