

Guidelines for Flyers

Request Type: Outside organizations, companies, agencies and individuals wanting to distribute or display flyers about non-school related after school activities.

Many businesses/organizations want to let parents know about their programs and services for students. Parents may be interested in learning about these services as they are often looking for after school activities for their children. Since these materials may be of interest to parents, if they meet the guidelines below, they may be placed in a designated area of the school's front office for parents to pick up as desired.

Displaying a flyer at a school is **not** an opportunity for a business to simply advertise their product or service within the schools. **Flyers that are not related to after-school activities for students will not be approved. Information will NOT be approved for distribution directly to students.** Parents, teachers and principals have expressed the need to reduce the amount of outside information going home with students. Distribution of information directly to students is not the best use of staff time.

All requests must be received in writing at least two weeks prior to delivery of flyers at the schools. Requests to display or distribute material that are made in fewer than two weeks before the requested delivery date will be denied. The Deputy Superintendent's office will respond to the request within one week.

Note: No distribution may occur during the first four (4) weeks or the last four (4) weeks of school.

1. All requests must be made via the Escambia School District "Request to Distribute Information" form (available on the district web site www.escambia.k12.fl.us under the Community tab "Guidelines for Flyer Distribution")
2. A copy of the material to be distributed must be submitted along with the application.
3. The business/organization **MUST** have appropriate licensure and be insured.
4. The flyer to be displayed **MUST** state that the business/organization is licensed and insured.
5. Approval to place flyers in the front office of a school, in no way reflects an endorsement of that program by The School Board of Escambia County, Florida. **The following statement **MUST** be printed at the top of each flyer or page in 12 point type, all caps:**

**DISTRIBUTION DOES NOT IMPLY ENDORSEMENT OR RECOMMENDATION
BY ESCAMBIA COUNTY PUBLIC SCHOOLS**

6. The flyer **MUST** include a phone number of the business/organization.
7. Any fees for services **MUST** be stated on the flyer.
8. No religious references are permitted on the flyer.
9. **Our schools will not create, print or provide paper for copies, nor bear any expense, including staff time to collate or prepare materials.**

NOTES:

A school is *not* required to have a designated area to display these materials. The decision to have a display area as well as the decision to display *any* material is at the discretion of each individual principal. Each business/organization is responsible for providing the number of flyers for each school/center, *including delivery to each location.*

Activities such as Field Trips and Fund Raising are governed by School Board Policy. Please refer to these and all other School Board policies at www.escambia.k12.fl.us.

Please submit your request to the **Deputy Superintendent, 75 North Pace Boulevard, Pensacola, Florida 32505**
