

Parent Satisfaction Survey

2017 Results Report

Escambia County School District

Summary of Results for Scaled Survey Data

The Escambia County School District is committed to creating a great place for students to learn, teachers to teach, staff to work, and for parents to send their children to receive a great education. To build on this commitment, the leadership of the school district gathers and analyzes data on these essential goals and measures: District Services, Employee Engagement, and Parent Satisfaction. The district's continued journey of excellence using measurable goals, aligned strategic actions and appropriate progress monitoring measures based on the Evidence-Based LeadershipSM framework began in 2011. The leadership of the district maintains a focus on data to identify gaps, take action, and follow through to ensure continuous improvement for Escambia County School District.

The Parent Satisfaction Survey was administered to all parents/caregivers with a child in the school district **to assess the level of satisfaction parents have with their child's school**. This report provides an overview of the findings for the 2017 administration of the Parent Satisfaction Survey for Escambia County School District (ECSD).

District Data Summary

The overall district mean for the 2017 survey administration is **4.33**, using a scale of 1 to 5, with five being the highest. Table 1 presents the item means and overall means for the last 5 years; results for all administrations are in Appendix 3.

Item Means

Excluding the Superintendent items, the items with the highest means are:

- My child's learning is a priority at this school. {4.49}
- My child has the necessary classroom supplies and equipment for effective learning. {4.47}
- My family is treated with respect at this school. {4.46}

Excluding the Superintendent items, the items with the lowest means are:

- The principal at this school is approachable and reachable. {4.31}
- I regularly receive feedback from school staff on how well my child is learning. {4.16}
- I receive positive phone calls or notes about my child from this school. {4.12}

Table 2 shows the means for the two items specifically aligned to the Superintendent's leadership.

Table 2. Item Means for Superintendent Items by Survey Administration

Items	2011	2012	2013	2014	2015	2016	2017
16. The Superintendent is an effective leader.	3.94	3.94	4.16	4.16	4.13	4.09	4.08
17. The Superintendent makes decisions that are in the best interest of children and parents of the district.	3.91	3.92	4.13	4.16	4.11	4.07	4.06

Figure 1 displays the percentage of responses by item response category. Parents choosing "Strongly Agree" and "Agree" equaled 85.6%, a slight decrease when compared with the previous survey administration. Table 3 shows the number of responses by category across survey administrations.

Percentile Benchmark Comparisons

Percentile ranks are used to provide a *normed* comparison for each district's Parent Satisfaction Survey overall mean, and ranges for each item mean. Two benefits of using percentile ranks include:

- (a) a standardized frame of reference for the support characteristic mean / overall mean interpretation, and
- (b) showing where a score, in this case the district's support characteristic means and overall mean, fits within a larger distribution of scores.

The "larger distribution of scores" in this report includes responses from Studer Education partners with students completing the Parent Satisfaction Survey across all survey administrations through Spring 2016. Using Monte Carlo simulation, the survey administration data are used to generate a dataset with 100,000 districts. The simulated dataset is based on the mean and standard deviation of the actual dataset, but has enough cases to smooth out the curve. The simulated dataset is used to calculate the percentile ranks.

- ▼ ECSD's overall mean of 4.33 ranks at the 82nd percentile of all benchmark districts' overall means.

Appendix 2 includes a table of ranges for percentile ranks for each item in the Parent Satisfaction survey for district comparison.

Using the Chart: Note from Table 1 that the ECSD overall mean is 4.33. Find the “Overall Mean” column in the table above and locate the means between which the overall mean of 4.33 is located. The ECSD mean of 4.33 falls between means “4.32” and “4.40,” the means aligning to the 80th and 90th percentiles. This means the ECSD overall mean is higher than 80-90% of benchmark districts. This is confirmed on page 3 in the statement that the ECSD mean of 4.33 is found in the 82nd percentile meaning it is higher than 82% of benchmark districts.
