

The School District of Escambia County

GENERAL EDUCATION TEACHER INPUT FORM

Student's Legal Name (Last, First, Middle)		Student Number	Grade
School	Teacher		Date

Under State Board Rule 6A-6.030191, FAC, Development of Educational Plans for Exceptional Students Who Are Gifted, involvement of the regular education teacher may be through attendance at the EP meeting or through written documentation of the student's strengths and needs. This documentation will serve as a guide for meeting participants to identify and consider how the child's giftedness affects the child's involvement and

Student Interests (Interest can be **academic** as well as **non-academic**):

1. Student Strengths (To assist the teacher of the gifted in writing goals and objectives, please indicate in which area(s) the gifted student demonstrates the most proficiency. Identified strengths are relative to the abilities of the student and not by comparison to his/her classmates. For example, a student might be making straight A's, but this doesn't mean that every academic area is a personal strength).
