

### Agenda Item Details

Meeting	Feb 20, 2024 - REGULAR MEETING AGENDA (5:30 PM)
Category	44. Internal Auditing
Subject	B. School Internal Accounts Audit Reports
Access	Public
Type	Action, Reports
Fiscal Impact	No
Budgeted	No
Recommended Action	Acceptance of the school internal accounts audit reports.

### Public Content

Each year, we audit the internal accounts of the schools. As part of this process, a sample of schools receive audits with full procedures (financial and compliance), with the remaining schools receiving audits with limited procedures. Audits receiving full procedures are presented to the Board individually. Audits receiving limited procedures are included in the District-wide report. All audited schools are then combined into a District-wide audit report on schools internal accounts. These reports have been presented to and accepted by the Audit Committee, a standing committee of the Board. The reports are being presented to the Board for their review and entry into the minutes.

## Preface

---

The Office of Internal Auditing serves to improve the fiscal accountability and enhance the public's perception of the management and operations of the Escambia County School District. This engagement strives to meet those objectives.

Audits, reviews, and other engagements are determined through a District-wide risk assessment process, and are incorporated into the annual work plan of the Office of Internal Auditing, as approved by the Audit Committee. Other assignments are also undertaken at the request of District management.

This engagement was conducted with the full cooperation of J.M. Tate High School staff and other District personnel.

Any recommendations included in this engagement are designed to improve operations and serve as the basis for informed discussions related to policies and procedures.

This engagement was conducted in accordance with the International Standards for Professional Practice of Internal Auditing, as promulgated by the Institute of Internal Auditors.

We thank the principals, assistant principals, bookkeepers, secretaries, and various support personnel throughout the District for their cooperation and commitment.

# Executive Summary

---

**Tate received a full audit for the 2022-2023 fiscal year.**

Our office audits the internal accounts of the District’s schools annually. The authority to conduct these audits is granted by the School Board of Escambia County in the Charter for the Office of Internal Auditing.

These audits are conducted on a rotating basis with a sample of schools receiving “full” audits each year, and the other schools receiving “limited” audits. For each full audit, extensive testing procedures are applied to internal funds accounts. Limited audits include cash procedures and reconciliation to independent bank confirmations. For the 2022-2023 fiscal year, J.M. Tate High School (Tate) received a full audit. This report documents the results of the audit.

**Three adjusting journal entries were recommended.**

The purpose of our audit was to determine whether the financial information reported in the internal accounts reconciles with bank statements and corresponding independent bank confirmations, and to determine compliance of transactions included in those same internal accounts with the governing provisions of Florida Statutes, State Board of Education rules, and policies and procedures of the School Board. We also sought to determine whether any instances of non-compliance were severe enough to render the financial information reported by the school unreliable. We believe our audit provides a reasonable basis for our opinion, findings, and recommendations.

Our audit procedures indicated matters that required adjustment of the school’s records. Three journal entries were necessary:

- To transfer an “old” outstanding check to the Unclaimed Property.
- To transfer the remaining balance of the Senior account to the General account.
- To correct the improper posting of sales tax.

**Minor instances of non-compliance are documented in the audit field notes.**

These journal entries was processed by the bookkeeper in the following school year.

**No audit findings were issued.**

We noted some minor instances of violation of Board Policies and Florida Statutes. None of these infractions are deemed significant, nor do they exhibit a lack of internal controls sufficient to rise to the level of an audit finding; therefore, no formal response from the auditee is required. These matters were documented and provided to the principal and bookkeeper.

**The school’s overall fund balance as of June 30, 2023 was \$549,199.29.**

**The majority of transactions included in the school’s internal accounts were processed in accordance with applicable policies and procedures.**

The overall fund balance reported by the school at June 30, 2023 was \$549,199.29. We have determined that the financial information reported by the school reconciles with bank statements and independent bank confirmations.

In our opinion, the majority of transactions included in the school’s internal accounts were processed in accordance with all applicable Florida Statutes, State Board of Education rules, and policies and procedures of the School Board.

We have also determined that the instances of non-compliance noted above and elsewhere in this report do not have a material effect and are not severe enough to render the financial information unreliable.

This report contains recommendations. The Executive Summary is intended to highlight the various aspects of the report. The full report should be read to understand the basis of our recommendations. We will follow-up on these recommendations approximately 90 days after the school’s exit conference.

## Background

---

**Outside support organizations are not**

Each year, our office audits the District’s schools’ internal accounts. The authority to conduct these audits is granted by the School Board of Escambia County in the Charter for the Office of Internal Auditing.

School internal funds are defined in the Internal Funds Policy Manual (the Manual) as “all monies collected and disbursed by school personnel within a school, for the benefit of the school, or a school sponsored activity.” As further explained in the Manual, “School internal funds shall be used to supplement activities approved by the school board when the District budgetary funds are not available or have been exhausted.” More plainly, internal funds include everything from money found on campus to collections from ticket sales for athletic events.

Each year, District schools receive either a “full” audit (including all procedures listed in the Methodology section below), or a “limited” audit, where only certain procedures are performed (such as obtaining third-party confirmation for all cash and investment accounts and reconciliation of bank statements and confirmations). For the 2022-2023 fiscal year, Tate received a full audit.

Outside support organizations (school booster clubs and parent teacher associations) affiliated with this school that operate independent of a

**included in this report and are not audited by our office.**

school's internal accounts **are not included** in this report and **are not audited** by the Office of Internal Auditing.

Tate last received a full audit in the 2021-2022 fiscal year. There were three matters that rose to the level of audit findings. There were findings related to the documentation of evidence of receipt of goods, proper completion of the Request Purchase Utilizing Purchasing Card form, proper completion of the Fundraising Request/Reconciliation form, which were determined to be addressed adequately during a subsequent follow-up audit.

The school has had the same principal in place since the previous audit.

**The bookkeeper retired on January 26, 2023, and was replaced on February 6, 2023.**

The school's previous bookkeeper retired on January 26, 2023, and was replaced on February 6, 2023.

## Objective

---

The purpose of our audit was to determine whether the financial information contained in the internal accounts reconciles with bank statements and corresponding independent bank confirmations, and to determine compliance of transactions included in those same internal accounts with the governing provisions of Florida Statutes, State Board of Education rules, and policies and procedures of the School Board. We also sought to determine whether any instances of non-compliance were severe enough to render the financial information unreliable.

We believe our audit provides a reasonable basis for our opinion, findings, and recommendations.

## Scope

---

Florida Statute 1011.07 states that the School Board is responsible for the administration and control of school's internal accounts. The Redbook requires school boards to provide for an annual audit of those accounts. Pursuant to this rule, we have audited the financial transactions of the internal accounts of the District's schools as of and for the fiscal year ended June 30, 2023. These accounts are the responsibility of the individual principals at each school. Oversight of these accounts and the annual financial statements are the responsibility of District management.

# Methodology

---

**The audit consists of three phases: planning, fieldwork, and reporting.**

**No known conflicts of interest were identified. Control risk for Tate has been assessed at moderate.**

**For our purposes, exceptions of greater than or equal to 20% of the total population may exist before an audit finding is issued.**

Based on a rotating audit schedule, each year District schools receive either a “full” audit (including extensive testing of transactions), or a “limited” audit, where only certain procedures are performed (such as obtaining third-party confirmation for all cash and investment accounts and reconciliation of bank statements and confirmations). For the year ended June 30, 2023, 28 schools were selected for “full” audits.

Each individual school audit consists of three phases: planning, fieldwork, and reporting.

The planning phase includes steps taken by the auditor to familiarize himself or herself with the school, and to determine their approach to the audit. An independence statement is completed for each school. This statement contains the signature of each auditor certifying that there are no conflicts of interest and that they are free from bias. **No known conflicts were identified.** Based on our experience with the school, control risk is assessed at moderate. Therefore, our audit procedures are limited to those in the audit program. If control risk is assessed at a level higher than moderate, additional procedures may be performed.

The fieldwork phase involves the application of testing procedures to the financial records of the school. While performing our testing, a percentage of transactions is allowed to contain compliance violations before it is determined to be an audit finding. For our purposes, an audit finding is a recurring issue that is present in greater than or equal to 20% of the sample. In addition, due to seriousness or materiality, a single compliance violation could also result in an audit finding. Upon the completion of fieldwork, exit conferences to discuss the results of the audit are conducted with principals and secretaries/bookkeepers, if necessary.

Finally, the reporting phase consists of communicating the results of the audit to the relevant parties in an easily readable and understandable format. Each phase consists of specific steps taken to ensure an audit is done in accordance with professional standards and currently accepted practices. Financial information from full audits is combined with information from limited audits and compiled into a District-Wide Report on Internal Accounts.

# Detailed Results

Summary of Fund Activity	
Beginning Cash Balance, 7/1/2022	\$ 517,216.67
Total Receipts	929,917.91
Total Disbursements	(326,996.07)
Total Net Journal Entries	(570,939.22)
Ending Cash Balance, 6/30/2023	\$ 549,199.29
Audit Adjustments	-
Ending Fund Balance, 6/30/2023, Per Skyward	\$ 549,199.29
Cash Balance per Confirmation(s)	\$ 553,221.34
Outstanding Deposits	-
Outstanding Checks	(5,096.63)
Other Reconciling Items	1,074.58
Ending Fund Balance, 6/30/2023, Per Confirmation(s)	\$ 549,199.29

General Ledger Review

Throughout the year and prior to the school’s closing of their records at year end, we may review various reports, transactions, and supporting documentation of the school. The purpose of this review is to recommend adjusting journal entries, reclassifications, or other necessary actions which we feel will result in more accurate reporting and/or compliance with established rules, policies, and procedures. Any recommended entries or actions are traditionally completed prior to the close of the school’s records, and are therefore included in the reported June 30 financial information, unless otherwise indicated.

**Three adjusting journal entries were recommended.**

As a result of our fieldwork, three additional adjusting journal entries were recommended:

- To transfer “old” outstanding check #5572 from the Checking account to the Unclaimed Property account, we recommended a journal entry be processed for \$120.00.
- To transfer the remaining balance of the Senior Class account to the General account, we recommended a journal entry be processed for \$3,667.02.
- To correct the improper posting of JE #405974 for sales tax from the Sales Tax account to the Reimbursable by District account, we recommended a journal entry be processed for \$37.90.

**After fieldwork, but prior to the issuance of this report, the school implemented our recommendations to process all journal entries mentioned above.**

During our fieldwork, we noted minor instances of non-compliance, which are not included in this report. We documented these matters in our audit field notes, which were provided to the bookkeeper and principal.

## Opinion

---

**The majority of the school's transactions were processed in accordance with all applicable policies and procedures**

**The financial information reconciled with bank statements and independent confirmations.**

Our responsibility is to express an opinion on the compliance of the transactions included in the accounts with the governing provisions of Florida Statutes, State Board of Education rules, and policies and procedures of the School Board, and to determine if the schools' financial records reconcile with corresponding bank statements and independent bank confirmations. During our evaluation, we also assessed the adequacy and effectiveness of the schools' system of internal controls.

In our opinion, the majority of transactions included in the schools' internal accounts where a full audit was performed were generally consistent with applicable Florida Statutes, State Board of Education rules, and policies and procedures of the School Board. In addition, we determined the schools' financial records reconcile with bank statements and independent bank confirmations.

We determined the internal controls established by the District appear comprehensive, adequate, and effective. During our audit, we did become aware of matters that present opportunities for strengthening internal controls, increasing operating efficiencies, and/or assuring compliance with applicable laws, rules, regulations, policies and/or procedures. These matters are communicated in the Detailed Results section.

We have also determined that the instances of non-compliance noted above and elsewhere in this report do not have a material effect and are not severe enough to render the financial information unreliable.

## Management Response

---

As the results of the audit were generally favorable, with no significant observations or findings, a management response is not necessary or expected.
